Gyros Off The Spit

Char Broiled Over Open Flame, Carved Off The Spit

Olympia's beef and lamb products are prepared with our own special blend of Greek spices, which is the authentic taste that our customers prefer. Great for sandwiches, pizza, omelets, skillet and bowls.

The OFF THE SPIT is fully cooked and Carved product from the traditional Olympia Gold Label Cone. This item can be prepared using standard equipment such as a flat top grill, oven, microwave, steam table, turbo oven, etc. Off The Spit is an excellent option for large volume accounts and accounts without the capability of using a gyro broiler. This keeps the same taste and profile as the traditional broiled gyros.
